

T E S T I N G B A C K G R O U N D

ELECTRIC TEST

- Voltage
- Current
- Surge
- Hipot
- Resistance
- Inductance
- Capacitance
- power analyze

LEAK TEST

- Water leak testing
- Air testing
- Pressure decay
- Vacuum decay
- Volume fill

FUNCTIONAL TESTERS

- Vision testing
- Dimensional measurement
- LIN communication
- CAN communication
- Specific costumer communication protocols

NO LOAD MOTOR TESTER

AVAILABLE TESTS

- Current test
- Voltage test
- Power test
- Resistance test
- Hipot test
- Rotation test
- RPM
- Additional testing available

FEATURES AND BENEFITS

- Intuitive computer graphic interface
- Easy to change test parameters
- User interface to set test and limits
- Database to store test results
- Test results report to the client server
- Computer full controlled
- Test parameters validation with the customer server
- Optional light curtain or mechanical safety guard

AVAILABLE TESTS

- Resistance test with temperature compensation
- Hipot test
- Rotation test
- Corona test
- Balance test
- Additional testing available

FEATURES AND BENEFITS

- Intuitive computer graphic interface
- Easy to change test parameters
- User interface to set test and limits
- Database to store test results
- Test results report to the client server
- Computer full controlled
- Test parameters validation with the customer server
- Optional light curtain or mechanical safety guard
- Up to 18 measuring circuits
- Light curtain or mechanical safety guard
- Several test points commutation

WINDING TESTER

FULL LOAD MOTOR TESTER

AVAILABLE TESTS

- | | |
|-------------------|--------------------------------|
| • Current test | • Additional testing available |
| • Voltage test | • Pull up torque test |
| • Power test | • Full load test |
| • Resistance test | • Breakdown torque test |
| • Hipot test | • Lock rotor test |
| • Rotation test | • Flutter test |
| • RPM | |

FEATURES AND BENEFITS

- Intuitive computer graphic interface
- Easy to change test parameters
- User interface to set test and limits
- Database to store test results
- Test results report to the client server
- Computer full controlled
- Test parameters validation with the customer server
- Optional light curtain or mechanical safety guard
